

Direct Recruiters provides executive search services and recruiting to place executive and senior level finance, accounting and professional services talent for healthcare organizations across the United States. Our experience, extensive network of finance, accounting, and consulting professionals, and track record of success in the Healthcare Technology industry gives us the ability to provide clients with customized employment solutions.

FINDING TOP TALENT

DRI has years of experience within the SaaS and Healthcare Technology recruiting space. We have a proven track record in placing C-suite and executive leadership teams across several functional areas, including finance and accounting. DRI provides executive search services including contingency, contract staffing and retained 'Direct Retention' search for healthcare clients looking for executive finance, accounting and professional services talent.

TESTIMONIALS

"DRI is always very professional and helpful in finding and securing top talent. I have especially enjoyed working with Ben Shamis! Great communication throughout the process - helped us get through hurdles! Really enjoy the experience with Direct Recruiters and they definitely bring great talent."

James Lewis, Founder, 11 Ten Innovations

"I loved working with Ben and team. His communication and transparency throughout the process was amazing and made me feel good about the role we were working on. Ben & team were always available to ask questions and provided amazing insight and comfort to me during a time that is always stressful when you're making a change. Highly recommend Ben and his whole team!"

Brittany Carter, CFO, ChartSpan Medical technologies
