Direct Recruiters has been recognized as the relationship-focused search firm that assists leading organizations with recruiting, acquiring, and retaining high-impact talent for mission-critical positions within Industrial AI. We have been a trusted partner for some of the most progressive companies in the industry.

FINDING TOP TALENT

Direct Recruiters, Inc. Industrial Artificial Intelligence recruiters are trusted partners to leading automation, manufacturing, and technology-driven organizations. In the rapidly advancing and transformative field of Industrial AI, the demand for innovative, high-impact talent has never been greater. Industrial AI is reshaping the way factories, supply chains, and production systems operate; driving predictive analytics, intelligent automation, and data-powered decision making that fuel competitive advantage across industries from energy to electronics. In this highly specialized sector, success depends on visionaries who combine technical expertise with forward-thinking problem-solving. DRI's team of recruiters has built strong relationships and an ever-deepening understanding of the Industrial AI landscape within manufacturing and beyond.
