

Direct Recruiters has been recognized as the relationship-focused search firm that assists Data Center Infrastructure & Energy organizations with recruiting, acquiring and retaining high-impact talent for mission-critical positions. We have been a trusted partner for some of the most progressive companies in the industry.

FINDING TOP TALENT

The rapid growth of AI, cloud computing, and high-performance computing is driving a surge in demand for data center infrastructure, power generation, and advanced cooling technologies. As data center capacity increases, suppliers of critical infrastructure are essential, providing solutions like on-site power generation, microgrids, electrical systems, and thermal management. DRI's power and energy recruiters collaborate with companies in these sectors to find executive talent needed to foster innovation, scale operations, and seize market opportunities.

CORE VALUES

DRI's core values are our driving forces behind all that we do. We strive to meet our values in our relationships with clients, candidates and coworkers.

1. Respectfully tenacious
2. Team player
3. Positively impacts others
4. Solutions oriented

The DRI executive search team is comprised of Senior Recruiters and Research Associates who have a thorough understanding of how to recruit for the Data Infrastructure & Energy industry, current job market, and what it takes to fill open Data Infrastructure & Energy positions. On a daily basis, we are in contact with executive management and hiring authorities looking to recruit and hire top energy industry professionals including:

- C-Level Executives
- VP of Sales
- VP of Engineering
- Product Managers
- Sales Engineers
- Sales Management
- New Business Development Managers
- Project Managers
- Energy Managers
- Program Managers
- Operations Leadership
- Solutions Engineers
- Energy Engineers
- Controls Engineers
- Account Executives
- Project Developers
- Private Equity & Portfolio Company Roles

As with any emerging industry, companies that are able to attract and recruit the best talent will lead the industry. With that in mind, Direct Recruiters' executive search delivers the most effective placements and talent solutions for:

- On-Site Power Generation
- Distributed Energy & Microgrids
- Backup Power Generation & Generators
